

Making Alternatives a Reality in North Carolina

Year 2 Progress Update * 7/1/21 to 6/30/22

RG-MAR Covered Much Ground in Year Two

Year Two of Rethinking Guardianship Making Alternatives a Reality (RG-MAR) was a busy year! The year began with a revision of the initiative's Common Agenda. We provided "best practice" training materials to the NC Department of Public Instruction (DPI) and the Division of Aging and Adult Services; created a train-the-trainer PowerPoint presentation with suggested narrative; made numerous presentations; made detailed recommendations to the State Olmstead Plan; produced a video titled An Introduction to Supported Decision-Making plus three additional videos featuring individuals with I/DD and their stories of guardianship and less restrictive alternatives; published twelve educational handouts on less restrictive alternatives to guardianship; published a compilation of the educational materials in "Supporting Choice & Self-Determination in NC: A Guide" in both English and Spanish; analyzed an approach to Supported Decision-Making legislation; and, drafted statutory reform language.

Twelve Educational Handouts

Our website now features downloadable, printable handouts in English and Spanish on twelve options for supporting choice and self-determination. The options include: Supported Decision-Making Formal and Informal; Power of Attorney; Healthcare Power of Attorney; Living Will; Living Trust; Special needs Trust; Simple Financial Tools; Foster Care 18-21; Representative Payee for Social Security Benefits; Fiduciary for Veterans Benefits; and Psychiatric Advance Directives.

Conference Presentations

Linda Kendall Fields and Jonathan Martinis made a presentation at the 2021 Exceptional Children Conference, where their materials were distributed to the 1,550 conference attendees. Linda also presented at the the Statewide DSS Adult Services Meeting with 550 attendees and the MFP Roundtable with 320 attendees

New Training for NC Adult Social Workers & Corporate Guardians

UNC Cares created a new pre-service training on guardianship for the Division of Aging and Adult Services. The training, which is now required for all DSS adult social workers and corporate guardians, includes three on-line, on demand, self-paced modules that begin with the concepts of choice and self-determination, and introduce Supported Decision-Making and other less-restrictive alternatives to guardianship.

Local Education Agency Benefits from RG-MAR

A Local Education Agency (school district) turned to Rethinking Guardianship for input on their brochure for families about the transfer of rights. RG-MAR was able to suggest best practice revisions.

RG-MAR Contributes to the NC Olmstead Plan

RG-MAR made detailed recommendations to the Olmstead Plan, which was finalized in January 2022. As a result, the plan includes "Exploring other ways, besides guardianship, to help people make decisions" as one of its eleven priorities.

Statute-Writing and -Review Teams Tackle Statutory Reform Language

The RG MAR-NC Statute Team completed a 79-page draft that spells out important reforms to General Statute 35A, the law that governs adult guardianship in North Carolina. The group is continuing to refine this draft with key representatives of the NC Bar, Conference of Clerks of Superior Court, Indigent Defense Services, Administrative Office of the Courts, and others, so that legislation can be introduced during the 2023 long session of the NC General Assembly.

With information and consultation provided by national SDM advocate, Jonathan Martinis, the 35A statute draft lays out changes that will increase choice and autonomy for individuals encountering the guardianship system, and achieves an important objective of the RG MAR-NC grant to "Evaluate state interest and readiness for possible Supported Decision-Making legislation"

New Guides in English and Spanish!

Our new guides are now available for download and printing from our website. They are also linked to from the State Olmstead Webpage.

New Train-the-Trainer Presentation Available

You're invited to request, adapt and use our 44-slide Power Point presentation "Supporting Choice and Self-Determination" to help us educate stakeholders about less restrictive alternatives to guardianship. Comes with slides, links, and suggested narration.

Profile in Self-Determination: Janie Desmond

Janie Desmond is a member of the Rethinking Guardianship Steering Team. She is also an individual with I/DD. Earlier this year she and her mother met with members of Restorative Justice Durham (RJD) to introduce concept of Supported Decision-Making and discuss how it is complementary to the concept of restorative justice. They recognized that the intersectionality of RJ and SDM is of great relevance to the community. Based upon this introduction, RJD agreed to work with Janie in a RJ process for handling a crime committed against her. Janie had chosen this approach herself. Although the former staff person who had stolen from her was unwilling to meet in a RJ process, Janie was able to face the former staff

person, accompanied by the RJD team. She told the staff person that she (Janie) in fact had not authorized the removal of money from her account. Janie told her its impact on her mentally, emotionally and financially. Afterward, the RJD team shared that they were so impressed and amazed by Janie's self determining manner of handling this huge personal problem. Well done Janie!

RG-MAR produced four videos featuring the following stories:

- Janie and Suya and their experience living independently with supported decision-making.
- Jason and his experience regaining his rights after being subject to guardianship.
- Carol and her mother's story of a predatory guardianship.
- Jeremy and his parents and their experience using Supported Decision-Making. Check out these stories on our YouTube channel below!
